

Desktop and Mobile Applications

The background of the slide is a light blue gradient. On the right side, there is a complex, abstract network of dark blue lines and circular nodes, resembling a molecular structure or a data network. The nodes are of varying sizes and are connected by thin lines, creating a sense of depth and connectivity.

Technologies

Windows Forms

WPF

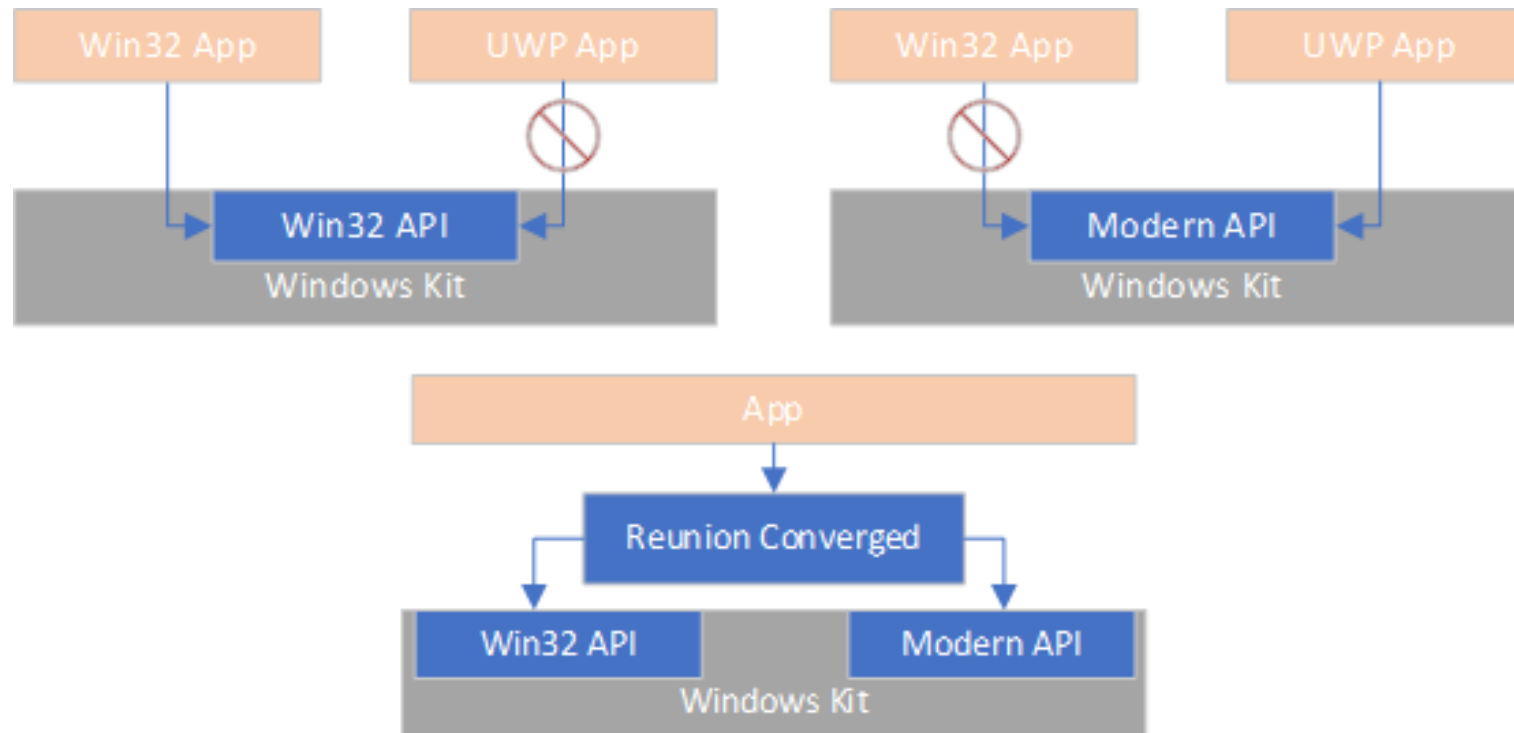

UWP

WinUI

.NET MAUI

Project Reunion

- Unified APIs
- Win32
- Packaged
- UWP

Converged APIs

Window Content Frame abstraction

Application lifecycle (start/logoff/restart
manager/restart for update)

Startup and background tasks

Resource management (strings, images,
display resolutions, locales)

Advanced clipboard

Project Reunion Family Components

WinUI

- Native UI layer for Windows with Fluent Design

C++/WinRT, Rust/WinRT, C#/WinRT

- Language-native projections

MSIX-Core

- Deploy using the store or your own delivery pipeline
